EDUCATION

PES UNIVERSITY <i>Bachelor of Technology in Computer Science Engineering: GPA: 8.43</i>	2023-2027
NARAYANA PU COLLEGE (PU +1,+2) <i>PCMC: 92%</i>	2021-2023
PSBB LEARNING LEADERSHIP ACADEMY <i>CBSE: 82%</i>	2021

SKILLS

Languages: Python, C, C++
AI/ML: PyTorch, TensorFlow, Transformers, OpenCV
Distributed Systems: Kafka, Spark, ZeroTier
Databases: Neo4j, SQLite, MongoDB
Dev Tools: Git, Linux

PROJECTS

- OrbixAI — Capstone Project** June 2026
- **Tech/Tools Used:** Python, FastAPI, LangGraph, Llama-3, Ollama, Neo4j, SQLite, MCP, Whisper, Amadeus API
 - Built a privacy-first personal AI assistant that runs entirely on-device, using a fine-tuned local LLM to convert natural-language requests into structured tool calls without sending user data to the cloud.
 - Designed a dual-memory system combining Neo4j and SQLite, enabling personalized, context-aware responses across sessions.
- A Multimodal AI Framework for Classification of Medicinal Plant Leaves (Paper Published)** June 2025
- **Tech/Tools Used:** Python, PyTorch, TensorFlow, OpenCV, scikit-learn, Transformers
 - Developed a multimodal deep learning framework combining CNNs for image features and Transformer-based models for text features to classify medicinal plant leaves.
 - Implemented late fusion techniques to combine visual and textual modalities, improving classification accuracy and robustness.
- Real Time Distributed Image Processing** November 2025
- **Tech/Tools Used:** Apache Kafka, Apache Spark, ZeroTier
 - Built a real time distributed pipeline to stream live server metrics (CPU , memory , disk, network I/O) using Kafka and process them with Spark window based aggregations for anomaly detection .
 - Deployed and connected multi-node producers and consumers over ZeroTier, enabling secure inter-machine communication and parallel metric analysis.

PUBLICATIONS

- K. S. Vikhyath Reddy et al., “A Multimodal Explainable AI Framework for Classification of Indian Medicinal Leaves Using Transformer and CNN-Based Architectures”, IEEE INDICON 2025.

AWARDS

- **Prof CNR Rao Merit Scholarship:** Sem 3 and 4
- **Distinction Award:** Sem 1, 2 and 5

HOBBIES

- **Playing Cricket:** Represented my school team and currently playing for local clubs.
- **Solving Sudoku:** Passionate about solving Sudoku puzzles and enhancing logical thinking.
